**DETAILED ACTION**

***Allowable Subject Matter***

**Claims 2-5, 12, 16 and 17** are allowed.

The following is an examiner's statement of reasons for allowance:

These claims are allowable over the prior art of record because the latter, either alone or in combination, does not disclose nor render obvious a blade-type optical transmission apparatus comprising a bypass blade that is attached to a portion of a blade enclosure that is configured to receive one of a plurality of main-signal blades and partition the ring connection provided by a back plane connecting adjacent main-signal blades or a through blade that is attached to the blade enclosure that is configured to receive one of the main-signal blades and allows a through passage of the a main signal inside the through blade as the main signal is exchanged with the back plane or a power blade that amplifies a main signal exchanged in the backplane or a bypass blade that is attached to a portion of a blade enclosure that is configured to receive one of a plurality of main-signal blades and partition the ring connection provided by a back plane connecting adjacent main-signal blades or a through blade that is attached to the blade enclosure that is configured to receive one of the main-signal blades and allows a through passage of the a main signal inside the through blade as the main signal is exchanged with the back plane, in combination with the rest of the claimed limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
